Additional Information Of BodBot Personal Trainer: Workout & Fitness Coach For Android Category: Health & Fitness Compatible with: 6.0 and up Latest Version: 6.102 Price: Free Author: Androidapk Size: 49.62 MB Downloads: 5,000,000+ Get it on: Google Play Updated: November 18, 2021 MOD: Yes What's New: Added New Version New Levels added Bug fix (BodBot Personal Trainer: Workout & Fitness Coach) Unlimited money added Downloading link working fast BodBot Personal Trainer: Workout & Fitness Coach (MOD, Premium) 6.102 For android Download APK MOD Related Posts of BodBot Personal Trainer: Workout & Fitness Coach BodBot es un verdadero entrenador personal digital, creando rutinas adaptadas a tus objetivos, recursos, capacidades físicas, dificultad deseada y mucho más. Cada rutina es creada a la medida del nivel de los ejercicios individuales, y los planes se adaptan con el tiempo a medida que completas o pierdes las sesiones. Al igual que un buen entrenador personal personaliza tu plan de rutinas, creamos un programa individual para ti y lo adaptamos a medida que progresas. ¿Tienes un rango limitado de movimiento en los hombros? Podemos trabajar para corregirlo. ¿Eres más débil en la espalda que en el pecho? Podemos solucionarlo. ¿Tus músculos isquiotibiales están muy tensos? ¿Quieres desarrollar bíceps o glúteos? ¿Solo puedes entrenar unas pocas horas durante la semana? BodBot puede encargarse de todo esto y tus rutinas reflejarán todas estas necesidades. Estamos comprometidos a proporcionarte el mejor plan de entrenamiento posible y las mejores rutinas. Más que esto, si pierdes una rutina, o si decides ir de excursión, podemos integrar esta nueva información y actualizar tu plan de entrenamiento en consecuencia. El plan vive y respira contigo y para ti. • Crea, personaliza y ajusta tu plan de rutinas igual que un entrenador personal. • En el gimnasio o en casa, con levantamiento pesas o peso corporal, con cualquier combinación de equipos. • Adaptación inteligente y progresión en base a tu cuerpo y capacidad. • Flexible para tu nivel de dificultad y experiencia. • Nuestros usuarios han perdido más de 3 millones de libras de grasa y han ganado más de 400 toneladas de músculo. Los entrenadores personales son costosos, pero los beneficios de uno bueno son inagotables. A tal fin, BodBot está diseñado para proporcionarte los beneficios de la orientación de entrenamiento personal, mientras que te ahorra dinero y está disponible 24/7 en casa, al viajar o en el gimnasio. Si eres nuevo en cuestiones de acondicionamiento físico, si estás interesado en el levantamiento de pesas o fisiculturismo, o si simplemente quieres perder unas cuantas libras, estamos aquí para ayudarte. Podemos crear una rutina de ejercicios dirigida a cualquier combinación de músculos: pantorrillas, cuádriceps, glúteos, isquiotibiales y muslos o bíceps, abdominales, deltoides, manguito rotador, o cualquier combinación entre ellos. BodBot incluye ejercicios fáciles y avanzados para ayudarte a ponerte en forma bajo tus propias condiciones. BodBot Personal Trainer: Workout & Fitness Coach MOD Download What's New: Unlimited Money added Unlocked All levels Added New version MOD Latest error solved Fix All Download link BodBot is a true digital personal trainer, creating workouts tailored to your goals, resources, physical abilities, desired difficulty and much more. Each workout is tailored down to the level of the individual exercises, and the plans adapt over time as you complete or miss sessions. Just as a good personal trainer will personalize your workout plan, we create an individual program for you and adapt it as you progress. Limited range of motion in the shoulders? We can work to correct that. Weaker in the back than in the chest? We can address that. Hamstrings too tight? Want to develop the biceps or the glutes? Can only workout in a few windows during the week? BodBot can handle it all, and your workouts will reflect all of these needs. We're committed to providing you with the best possible training plan and the very best workouts. More than this, if you miss a workout, or if you decide to go hiking on a whim, we can integrate this new information and update your training plan accordingly. The plan lives and breathes with you and for you. So what distinguishes a modern, science-based, intimately personalized training system? What does BodBot do - and why does this matter? ■ Personalization matters. If you broke your leg this morning, you probably shouldn't be attempting heavy squats at night. Similarly, if your sleep has cratered for the past week, or if you suddenly come down with a fever, the previous trajectory of your fitness - along with last week's view of this week's best training plan - becomes obsolete. You need a recommendation that reflects your new circumstances. ■ While changes are rarely this dramatic, a missed workout, an unexpected hike, a bout of insomnia or any of life's other curveballs should not derail you from your training plan or your goals. BodBot can and will handle these changes. ■ People naturally progress at different speeds. Rather than breaking yourself on the yoke of a program that's either too slow or too fast - too inefficient or wildly risky - it is possible to respond to your rate of progress and adapt the training to reflect your own unique work capacity. BodBot will work with you to set the best pace and rate of progression. By contrast, most apps today either use absolutely no system of progression, or static fixed percentage increments. ■ Everyone has a different history: variations in posture, strength, cardiovascular fitness, range of motion, joint stability, joint mobility and much more. These variations matter. Rather than overloading a weak and unstable joint or hammering an already shortened and tight muscle, BodBot will work with you to improve performance and increase efficiency - through targeted fitness tests and objective assessments. This is not the hand-waving personalization of other fitness apps. This is modern, high quality physiology and kinesiology realized in intelligent training recommendations. ■ Accessibility matters - if you're working out at home you should still be able to get a high-quality, targeted workout - not an arbitrary infinite loop of burpees, wall-squats and crunches. BodBot's database of broad and deep exercise profiles, together with the sophisticated algorithms that run over the top of them, seamlessly handle changes in location and equipment. Similarly, schedules can run tight and can change - if your default Monday, Wednesday, Friday pattern is interrupted, or you suddenly have less time available than expected, BodBot will immediately adjust your training plan. ■ Specificity matters - beating about the knees with a tire iron will certainly provoke soreness and perhaps even work up a sweat - but it will not generate favorable improvements in performance (assuming self-assault does not become the new fad) or body composition and certainly not wellness. It's the type of stimulus, not the magnitude of pain, that dictates results - BodBot will use each and every drop of sweat to help you achieve the results you want. We've added adaptable meal recommendations working across your training state, needs, and personal taste. More to come Download Accelerated up to 200% with dFast Torrent Cloud™ Enjoy the fastest download service with dFast. Version: 5.16 Size: 38.79 MB Android version: 6.0 and up Price: Free Developer: BodBot Category: Health-fitness BodBot is your own digital personal trainer, providing AI workouts customized to your goals, equipment, physical abilities, desired difficulty and much more. BodBot provides you with step-by-step guidance for each exercise and progression, and your plan adapts over time as you complete or miss sessions. BodBot already contains the most advanced at-home and bodyweight tailoring of any fitness app on the market, and we're working flat-out to add new tools to help support our users during this time. Wherever you are, with whatever you've got - we'll get you a great workout plan. Your Goals, Your Body, Your Plan ■ Work out anywhere, anytime - at home, at the gym, in your garage, or in a hotel - with any combination of equipment or just your own bodyweight. ■ Get results even on a busy schedule - your workouts are tailored to the days and time you have available. ■ Build muscle, gain strength, increase endurance, improve cardiovascular fitness and lose weight - whatever your starting point and current ability, we'll work with you to get you where you're going. AI Workouts and Adaptation- Reach your goals with a long-term, science-based approach to fitness, and workouts that learn and adapt from set to set and from workout to workout. Adapt to thrive - your lifestyle is not stagnant, and we'll adapt your planning based on your activity levels and sleep. - Make sustained progress with intelligent progression of sets, reps and weight in the gym, and a huge range of bodyweight progressions at home. Personalized Step-by-Step Guide ■ Move and exercise better with customized fitness assessments targeted at mobility, strength, posture and more. ■ Ditch cookie cutter planning - BodBot will build your workout plan to you and adapt it with your feedback. We'll keep you on track and making progress. ■ Gain, maintain or lose weight with a workout routine built to your level. You Train, BodBot Plans- Maximize fitness gains with a training plan that intelligently adapts intensity and volume between sessions, with no muscle, movement or joint left behind. - Make the most of your time with seamless integration of circuits and supersets. - Level up - for beginner strength-trainers, gain confidence in new resistance exercises and gym equipment. Learn the correct movements with demonstration videos and detailed descriptions. Your Own Mobile Personal Trainer just as a good personal trainer will personalize your workout plan, BodBot creates an individual program for you and adapts it as you progress. Limited range of motion in the shoulders? We can work to correct that. Weaker in the back than in the chest? We can address that. Hamstrings too tight? Want

to develop the biceps or the glutes? Can only workout in a few windows during the week? BodBot can handle it all, and your workouts will reflect all of these needs. We're committed to providing you with the best possible training plan and the very best workouts. More than this, if you miss a workout, or if you decide to go hiking on a whim, we can integrate this new information and update your training plan accordingly. The plan lives and breathes with you and for you. Let's get started. Mod info Unlocked How to Install Install the steps: First you must uninstall BodBot Personal Trainer: Workout & Fitness Coach original version if you have installed it. Then, download BodBot Personal Trainer: Workout & Fitness Coach Mod APK on our site. After completing the download, you must find the apk file and install it. You must enable "Unknown sources" to install applications outside the Play Store. Then you can open and enjoy the BodBot Personal Trainer: Workout & Fitness Coach Mod APK Permissions Control vibration: Allows the app to control the vibrator.
